FC/254/18 Declarations of interest

There were no declarations of interest.

FC/255/18 Committees and Working Parties

The following Committee Minutes were presented to Council:–

- (a) Property Committee - 14th June 2018.
- (b) Planning, Environment and Transport Committee – 24th May 2018 and 21st June 2018.
- (c) Finance and Administration Committee – 28th June 2018.
- (d) Personnel Committee – 17th May 2018.
- (e) Notes from the Year of Culture 2019 working party meeting – 25th June 2018.

It was RESOLVED that the Committee Minutes listed above be received and adopted.

FC/256/18 Reports from representatives on outside bodies.

Cllr D. Searle reported that the Horsham Town and Community Partnership (HTCP) Annual Riverside Walk will take place on 14th July 2018. HTCP's Scooter Safety Initiative is proving to be very successful and two sections of the Riverside Walk outside the parish have been resurfaced.

FC/257/18 Reports from District or County Councillors

West Sussex County Council (WSCC) Cllr. Andrew Baldwin and Cllr Liz Kitchen were in attendance. Horsham District Council (HDC) Cllr. Roy Cornell, gave his apologies for the meeting.

HDC Cllr P. Burgess encouraged attendance at the HDC Funday on Sunday 8th July 2018 in Horsham Park. He also reported that recruitment for the HDC Director of Place was progressing.

Cllr Kitchen reported that Colgate Parish Council was pursuing a reduction in the speed limit to 40mph along the full length of Forest Road from Pease Pottage to Roffey.

Cllr Kitchen is the HDC representative for the Gatwick Airport Consultative Committee (GATCOM) which was constituted to meet the requirements of Section 35 of the Civil Aviation Act 1982 for an airport "to provide adequate facilities for consultation with respect to any matter concerning the management or administration of the airport which affects the interests of users of the airport, local authorities and any other organisation representing the interests of persons concerned with the locality in which the airport is situated". There are proposed changes to how airspace over London will be used which could result in an increase in noise levels locally. There will be various consultations leading up to the final decision in 2022.

Cllr Baldwin reported that WSCC Highways contract has been out to tender, but due to some technical issues, WSCC had been forced to appoint an interim contractor. It was hoped that when the new contractors were in place improved repairs could be made to potholes in the parish as previous repairs were often short lasting and of poor quality.

WSCC is progressing the installation of a School Safety Zone around Littlehaven Infants School as a Local Transport Improvement Plan (LTIP). The Plan includes improvements to 3 crossing points and flashing lights on a yellow back board with an advisory 20mph speed limit. The LTIP would be subject to a two year design and build programme, feasibility and

funding.

WSCC held a Horsham Cycling Contra Flow meeting on 26th June 2018, at which it was agreed to extend the Godwin Way/Fitzalan Road cycle contraflow to the junction of Howards Road and Fitzalan Road only. To extend it further in front of the shops would be dangerous to cyclists and motorists. Parish Councillors R Turner and M Loates were in attendance at the meeting.

FC/258/18 Chairman's announcements

Appreciation was expressed to Cllr P Burgess for his work in producing a brief history of the development in North Horsham to give a greater insight for Council members who were not involved with the Council at the time.

FC/259/18 Calendar of Meetings for 2018/19

The Parish Council AGREED to correct the date for the April 2019 Personnel Committee to 4th April 2019 (It had been noted as 1st April 2019) on the Calendar of Meetings for 2018/19 and to move the Personnel Committee Meeting scheduled for 13th September 2018 to 9th August 2018 in order to space the meetings more evenly through the year.

FC/260/18 Appointments to Council Committees and Outside Bodies

The Vice Chairman of the Council chose not to sit on the Finance and Administration Committee, therefore there is a vacancy. As no-one volunteered, **the Parish Council RESOLVED to defer the appointment so that it may be offered to any new Councillor who may join the Council in the next few months.**

The Council noted that Horsham in Bloom no longer existed and would be removed from the list of Parish Council Representatives on Outside Bodies.

FC/261/18 Financial matters

The Parish Council AGREED the payment schedule to 31st May 2018 for £44,839.83 (attached) and the payment schedule to 30th June 2018 for £34,720.87. (attached).

FC/262/18 Voluntary Sector Support

HDC would like to extend their outreach to strengthen local connections. They would like to have a presence locally where a member of their Voluntary Sector Support Team would work from a local parish with two

main aims:-

- To encourage local people interested in volunteering to get in touch
- To encourage local charities to drop in for information, support and guidance.

The Parish Council could act as host or suggest alternative organisations that may like to host.

The Council RESOLVED to explore with HDC what requirements they have to further this project and to discuss charges.

FC/263/18 Horsham District Polling Station and Polling Station Review

North Horsham Parish Council's Community halls (Roffey Millennium Hall, North Heath Hall and Holbrook Tythe Barn) are used as polling stations in addition to other buildings in the parish. HDC invited comments regarding ease of access, lighting, size of room and the current boundaries.

However, there was an opportunity to feed back any other comments as appropriate.

The Council AGREED to highlight to HDC confusion to electors as a result of North Heath Hall and St Marks Church Hall both being used as Polling Stations as they are in close proximity.

FC/264/18 General Data Protection Regulations (GDPR)

The North Horsham Parish Council GDPR Data Audit (1st May 2018) was circulated to all Councillors. The report had been annotated to note actions taken in response to the findings.

The Council NOTED the Audit and that steps were being taken to ensure compliancy.

The Department for Digital, Culture, Media and Sport had issued a public consultation 'Review of exemptions from paying charges to the Information Commissioner's Office (June 2018).

One question in particular potentially related to Parish Councillors:-

“(3) Proposed new exemptions

Elected representatives* (separate to their elected assembly or political party) can be data controllers in their own right particularly where they engage with and undertake casework on behalf of their constituents. Government has previously committed to considering the appropriateness of elected representatives being required to pay a charge in respect of their processing of personal data. The Government is minded that this

activity deriving from their public office and public function should not be liable to a charge. The Government also wishes to avoid barriers to democratic engagement, mirroring the approach that the Government has taken during the passage of the Data Protection Act through Parliament.

The Government is minded that all elected representatives should be exempt, as well as members of the House of Lords and (prospective) candidates for those elected offices.”

*Elected representatives as defined in Schedule 1 of the Data Protection Act 2018 (includes parish councils)

The Council RESOLVED to respond to the consultation raising the following points:-

- **Parish councillors should be exempt from paying a charge in respect of processing personal data.**
- **The cost of registering could stop individuals from putting themselves forward for election.**
- **The additional bureaucracy is a barrier to democratic engagement.**
- **Parish Councils work on a very local level with limited resources and are being expected to comply with measures set for large organisations with access to a range of resources.**

FC/265/18 Policies

The Council RESOLVED to adopt the following policies (attached).

**Data Breach Notification Policy
Data Breach Notification Form
Subject Access Request Policy
Documents and Records Retention Policy
CCTV Policy and Code of Practice.
General Privacy Notice – website
General Privacy Notice – staff handbook
Training and Development Policy**

The following policies were reviewed and AGREED.

**Fire Safety Policy
Handling of DBS Certificates Policy
Recruitment of ex-offenders Policy**

FC/266/18 Unregistered footpaths on Parish Council land

Horsham Society had expressed concern that 17 footpaths in North Horsham's built up area are not registered as definitive rights of way by

WSCC. This means that they could be closed to the public in the future. If a footpath/ pathway has been used for more than 20 years there is a right for the public to use it. The Horsham Society is collecting evidence from residents to try to get as many of the footpaths as possible registered. Two of the footpaths are on Parish Council land across Amberley Open space and along the Riverside Walk off North Heath Lane.

The Parish Council RESOLVED to agree the recommendation from the Planning, Environment and Transport Committee to support the proposal by the Horsham Society to designate 17 footpaths in North Horsham as Rights of Way and to register the footpath from Amberley Road and Riverside Walk of North Heath Lane with WSCC as part of their Definitive Map.

FC/267/18 Neighbourhood Plan

10,000 leaflets had been distributed throughout the parish inviting residents to indicate if they agreed that the Parish Council should create a Neighbourhood Plan for North Horsham and if they would be willing to get involved in the process.

Appreciation was expressed to all Councillors who delivered leaflets, with special recognition to Cllr Tony Rickett B.E.M. who organised and co-ordinated the delivery.

Whilst the closing date for responding to the leaflets was 16th July 2018, the delivery had started during the first week in June and all leaflets had been delivered by the time of the Parish Council Meeting. There had been 50 responses at the time of the meeting. Of those, 48 were in support and 2 against. 24 people offered to get involved with the Plan. The 2011 Census registered 10,198 households in North Horsham and in 2017 there were 17,119 electors on the electoral roll.

It has been estimated that the financial cost of making a Neighbourhood Plan would be in excess of £25,000 and that once the Plan was made it would need to be reviewed, most likely on a two to three year basis. There also needs to be an ongoing commitment to collect the evidence required. One of the benefits of making a Neighbourhood Plan is that the community receives 25% of any Community Infrastructure Levy (CiL) money paid on certain new development. Without a Neighbourhood Plan, the community receives 15%. The benefits from the development north of Horsham will come through a Section 106 legal agreement, so there will be no CiL money. There are pockets of undeveloped land which could attract some CiL money in the future.

The Parish Council carefully considered the response to the questionnaire, the cost of making a Neighbourhood Plan and the

potential benefit to the residents in North Horsham parish from any increase in CiL contributions and unanimously RESOLVED not to progress a Neighbourhood Plan for North Horsham.

The Parish Council was very grateful to those residents who had taken the time to respond to the questionnaire and to those who wished to become involved with progressing a Plan.

It was AGREED that the Clerk would write to all respondents to thank them for their interest and invite them to get involved through the Year of Culture project, by becoming a councillor or through the Parish Liaison group for the North Horsham development.

FC/268/18 Correspondence

The Council received correspondence lists from 11th May 2018 to 5th July 2018. (Copies attached).

FC/269/18 Date of next Council meeting

The next Parish Council Meeting will be held on Thursday 6th September 2018 (Scheduled).

There being no other business, the Chairman closed the meeting at 9.07pm.

- 1.2 The GDPR draws a distinction between a 'data controller' and a 'data processor' in order to recognise that not all organisations involved in the processing of personal data have the same degree of responsibility. Where data breach notification to the supervisory authority is not made within 72 hours, it shall be accompanied by the reasons for the delay.

- 4.4 The data controller (Clerk) shall provide the following information to the supervisory authority on a Breach Notification Form:
- 4.5 A description of the nature of the breach
- 4.6 The categories of personal data affected

DOCUMENTS AND RECORDS RETENTION POLICY

This code of practice is based on the National Association of Local Councils (NALC) Legal Topic Note40 (November 2016) on Local Councils' Documents and Records and 'Charles Arnold Baker on Local Council Administration' (Tenth Edition). Updated to respond to General Data Protection regulations (GDPR) 2018.

1. Introduction

1.1 The Council recognises the need to retain documentation for audit purposes, staff management, tax liabilities, and the eventuality of legal disputes and proceedings.

1.2 In agreeing a document retention scheme, the Council has addressed these needs, and taken into account its obligations under the Local Government Act 1972, the Audit Commission Act 1998, the Public Records Act 1958, the Employers' Liability (Compulsory Insurance) Regulations 1998, the Limitation Act 1980, the Employments Rights Act 1996, the Local Authorities Cemeteries Order 1977, the Local Government (Records) Act 1962, the Freedom of Information Act 2000, the Lord Chancellor's Code of Practice on the Management of Records Code 2002, Environmental Information Regulations 2004 and the General Data Protection Regulation and the Data Protection Act 2018.

1.3 This policy sets out the minimum requirements for the retention of documents and sets out the requirements for the disposal of documents. However, it is important to note that this is a live documents and that it will be updated on a regular basis.

1.4 The Council will ensure that information is not kept for longer than is necessary and will retain the minimum amount of information that it requires to carry out its functions and the provision of services, whilst adhering to any legal or statutory requirements.

2. Aims and objectives

2.1 It is recognised that up to date, reliable and accurate information is vital to support the work that the Council do and the services that it provides to residents. This document will help the Council to:-

- Ensure the retention and availability of the minimum amount of relevant information that is necessary for the Council to operate and provide services to the public.
- Comply with legal and regulatory requirements.
- Save employees' time and effort when retrieving information by reducing the amount of information that may be held unnecessarily. This will assist them as they carry out their daily duties or if searching for information requested under the Freedom of Information Act.

- Ensure archival records that are of historical value are appropriately retained for the benefit of future generations.

3. Scope

3.1 For the purpose of this Policy, 'documents' includes electronic, microfilm, microfiche and paper records.

3.2 Where storage is by means of paper records, originals rather than photocopies should be retained where possible.

4. Standards

4.1 The Council will make every effort to ensure that it meets the following standards of good practice:

- Adhere to legal requirements for the retention of information as specified in the Retention Schedule at Annex A. This document provides a framework for good practice requirements for retaining information.

CCTV POLICY AND CODE OF PRACTICE

1. Introduction

1.1 Closed circuit television (CCTV) is installed at the Council premises for the purpose of staff and premises security. Cameras are located at various places on the premises, and images from the cameras are recorded.

1.2 The use of CCTV falls within the scope of the Data Protection Act 1998, the General Data Protection Regulation and the Data Protection Act 2018. In order to comply with the requirements of the law, data must be:

- Fairly and lawfully processed
- Processed for limited purposes and not in any manner incompatible with those purposes
- Adequate, relevant and not excessive
- Accurate
- Not kept for longer than is necessary
- Processed in accordance with individuals' rights
- Secure

2. Data Protection Statement

2.1 North Horsham Parish Council are the Data Controllers under the Act.

2.2 CCTV is installed for the purpose of staff, and premises security.

2.3 Access to stored images will be controlled on a restricted basis within the Council.

2.4 Use of images, including the provision of images to a third party, will be in accordance with the Council's Data Protection registration.

2.5 CCTV may be used to monitor the movements and activities of staff and visitors whilst on the premises.

2.6 CCTV images may be used where appropriate as part of staff counselling or disciplinary procedures.

2.7 External and internal signage are displayed *on the premises* stating of the presence of CCTV and indicating the names of the Data Controllers and a contact number during office hours for enquiries.

3. Retention of Images

3.1 Images from cameras are recorded on a secure hard drive ("the recordings"). Where recordings are retained for the purposes of security of staff and premises, these will be held in secure storage, and access controlled. Recordings which are not required for the purposes of security of staff, and premises, will not be retained for longer than is necessary (30 day retention period).

3.2 The system does not have an automatic power backup facility which may operate in the event of a main supply power failure.

4. Access to Images

4.1 It is important that access to, and disclosure of, images recorded by CCTV and similar surveillance equipment is restricted and carefully controlled, not only to ensure that the rights of individuals are preserved, but also to ensure that the chain of evidence remains intact should the images be required for evidential purposes.

5. Access to Images by Council Staff

5.1 Access to recorded images is restricted to *the Data Controllers*, who will decide whether to allow requests for access by data subjects and/or third parties (see below).

Viewing of images must be documented as follows:

- The name of the person removing from secure storage, or otherwise accessing, the recordings
- The date and time of removal of the recordings
- The name(s) of the person(s) viewing the images (including the names and organisations of any third parties)
- The reason for the viewing
- The outcome, if any, of the viewing
- The date and time of replacement of the recordings

6. Removal of Images for Use in Legal Proceedings

6.1 In cases where recordings are removed from secure storage for use in legal proceedings, the following must be documented:

- The name of the person removing from secure storage, or otherwise accessing, the recordings
- The date and time of removal of the recordings
- The reason for removal
- Specific authorisation of removal and provision to a third party
- Any crime incident number to which the images may be relevant
- The place to which the recordings will be taken
- The signature of the collecting police officer, where appropriate
- The date and time of replacement into secure storage of the recordings

7. Access to Images by Third Parties

7.1 Requests for access to images will be made using the 'Application to access to CCTV images' form (which is at **Appendix 1**).

7.2 The data controller will assess applications and decide whether the requested access will be permitted. Release will be specifically authorised. Disclosure of recorded images to third parties will only be made in limited and prescribed circumstances. For example, in cases of the prevention and detection of crime, disclosure to third parties will be limited to the following:

- Law enforcement agencies where the images recorded would assist in a specific criminal enquiry
- Prosecution agencies
- Relevant legal representatives

- The press/media, where it is decided that the public's assistance is needed in order to assist in the identification of victim, witness or perpetrator in relation to a criminal incident. As part of that decision, the wishes of the victim of an incident should be taken into account
- People whose images have been recorded and retained (unless disclosure to the individual would prejudice criminal enquiries or criminal proceedings)

7.3 All requests for access or for disclosure should be recorded. If access or disclosure is denied, the reason should be documented as above.

8. Disclosure of Images to the Media

8.1 If it is decided that images will be disclosed to the media (other than in the circumstances outlined above), the images of other individuals must be disguised or blurred so that they are not readily identifiable.

8.2 If the CCTV system does not have the facilities to carry out that type of editing, an editing company may need to be used to carry it out. If an editing company is used, then the data controller must ensure that there is a contractual relationship between them and the editing company, and:

- That the editing company has given appropriate guarantees regarding the security measures they take in relation to the images
- The written contract makes it explicit that the editing company can only use the images in accordance with the instructions of the data controllers
- The written contract makes the security guarantees provided by the editing company explicit

9. Access by Data Subjects

9.1 This is a right of access under the 1998 Act, the GDPR and the DPA 2018. Requests for access to images will be made using the 'Application to access to CCTV images' form (which is at **Appendix 1**). The requestor needs to provide enough information so that they can be identified in the footage, such as a specific date and time, proof of their identity and a description of themselves. Any footage provided may be edited to protect the identities of any other people.

10. Procedures for Dealing with an Access Request

10.1 All requests for access by Data Subjects will be dealt with by the Clerk/DPO. The data controller will locate the images requested. The data controller will determine whether disclosure to the data subject would entail disclosing images of third parties.

10.2 The data controller will need to determine whether the images of third parties are held under a duty of confidence. In all circumstances the Council's indemnity insurers will be asked to advise on the desirability of releasing any information.

10.3 If third party images are not to be disclosed, the data controllers will arrange for the third-party images to be disguised or blurred. If the CCTV system does not have the facilities to carry out that type of editing, an editing company may need to be used to carry it out. If an

editing company is used, then the data controller must ensure that there is a contractual relationship between them and the editing company, and:

- That the editing company has given appropriate guarantees regarding the security measures they take in relation to the images
- The written contract makes it explicit that the editing company can only use the images in accordance with the instructions of the data controllers
- The written contract makes the security guarantees provided by the editing company explicit

10.4 The Data Controller will provide a written response to the data subject within **30** days of receiving the request setting out the data controllers' decision on the request.

10.5 A copy of the request and response should be retained.

11. Complaints

11.1 Complaints must be in writing and addressed to the Clerk. Where the complainant is a third party, and the complaint or enquiry relates to someone else, the written consent of the data subject is required. All complaints will be acknowledged within seven days, and a written response issued within 21 days.

“Personal data” is any information about a living individual which allows them to be identified from that data (for example a name, photographs, videos, email address, or address). Identification can be directly using the data itself or by combining it with other information which helps to identify a living individual (e.g. a list of staff may contain personnel ID numbers rather than names but if you use a separate list of the ID numbers which give the corresponding names to identify the staff in the first list then the first list will also be treated as personal data). The processing of personal data is governed by legislation relating to personal data which applies in the United Kingdom including the General Data Protection Regulation (the “GDPR”) and other legislation relating to personal data and rights such as the Human Rights Act.

What is the legal basis for processing your personal data?

The council is a public authority and has certain powers and obligations. Most of your personal data is processed for compliance with a legal obligation which includes the discharge of the council's statutory functions and powers. Sometimes when exercising these powers or duties it is necessary to process personal data of residents or people using the council's services. We will always take into account your interests and rights. This Privacy Notice sets out your rights and the council's obligations to you.

We may process personal data if it is necessary for the performance of a contract with you, or to take steps to enter into a contract. An example of this would be processing your data in connection with the use of hall rental facilities, or the acceptance of an allotment garden tenancy

Sometimes the use of your personal data requires your consent. We will first obtain your consent to use that.

Sharing your personal data

This section provides information about the third parties with whom the council may share your personal data. These third parties have an obligation to put in place appropriate security measures and will be responsible to you directly for the manner in which they process and protect your personal data. It is likely that we will need to share your data with some or all of the following (but only where necessary):

- The data controllers listed above under the heading “Other data controllers the council works with”;
- Our agents, suppliers and contractors. For example, we may ask a commercial provider to publish or distribute newsletters on our behalf, or to maintain our database software;
- On occasion, other local authorities or not for profit bodies with which we are carrying out joint ventures e.g. in relation to facilities or events for the community.

How long does the Parish Council keep your personal data?

The Parish Council will keep some records permanently if legally required to do so. Other records may be kept for an extended period of time. For example, it is currently best practice to keep financial records for a minimum period of 7 years to support HMRC audits or provide tax information. There may be legal obligations to retain some data in connection with our statutory obligations as a public authority. The council is permitted to retain data in order to defend or pursue claims. In some cases the law imposes a time limit for such claims (for example 3 years for personal injury claims or 6 years for contract claims). Some personal data will be retained for this purpose as long as it is necessary to be able to defend or pursue a claim. In general, data will be kept for as long as it is needed. This means that it will be deleted when it is no longer needed.

Your rights and your personal data.

You have the following rights with respect to your personal data:

When exercising any of the rights listed below, in order to process your request, we may need to verify your identity for your security. In such cases we will need you to respond with proof of your identity before you can exercise these rights.

North Horsham Parish Council

TRAINING AND DEVELOPMENT POLICY

This policy has been prepared using the SALC Model policy January 2018 updated to comply with General Data Protection Regulations July 2018.

1. Introduction

- 1.1 The council recognises that training and development for staff and councillors is a major investment in its ability to deliver effective services, and will seek to create a culture of continuing development to enable staff and councillors to achieve their full potential.
- 1.2 The council will comply with the principles of the National Training Strategy for Town and Parish Councils and will subscribe to the Sussex and Surrey Association of Local Councils and Society of Local Council Clerks to ensure staff and councillors may attend their training. Training may be provided by a range of appropriate bodies including Horsham District Council, West Sussex County Council and other external training providers.

2. Policy Commitments

- 2.1 The council commits to providing opportunities for staff and councillors to be trained to maintain high standards within the council and to be kept up to date with new legislation.
- 2.2 To support this commitment, funds will be allocated in the annual budget to enable staff and councillors to attend appropriate training and conferences relevant to their office.

3. Training Requirements

- 3.1 The council will be responsible for determining, meeting and monitoring the training needs of staff and councillors, and managing the allocated budget.
- 3.2 All new councillors will be invited to attend an induction meeting with the clerk and chairman of the council. Following the four yearly elections both new and re-elected councillors will be invited to this meeting.
- 3.3 All new staff will receive induction training based on ACAS good practice.

3.4 Ongoing training identified as part of the appraisal process, through changes in legislation or working practices or through any other means will be reported to the next relevant committee or council meeting. All training must be relevant, fit for purpose and carried out in a cost-effective manner. Consideration will be given to carrying out training locally and possibly in liaison with other local councils.

4. Professional Qualifications

4.1 All staff members will be encouraged to pursue professional qualifications appropriate to the needs of the parish council and relevant to the individual's role. Each request for professional qualifications will be considered on an individual basis.

4.2 It will be a requirement of the clerk's role to hold the Certificate in Local Council Administration (CiLCA) qualification or equivalent, or commit to achieving it within eighteen months of appointment.

4.3 If approved by the council, the financial cost of registering for and submitting the CiLCA portfolio will be paid by the council. The council will financially support SALC training for CiLCA and the cost to re-submit once if a candidate is unsuccessful. Travel expenses will be paid in accordance with the council's current Policy.

4.4 Additional higher-level qualifications or specific qualifications relevant to the role will be discussed as part of the annual appraisal or in the case of a councillor must be discussed informally with the clerk and chairman of the council prior to being put forward for consideration by the council. The council may agree to meet the cost, or part thereof, of a qualification which will be of mutual benefit to both the council and staff member.

5. Staff Personal Development

5.1 The council recognises that training and development for staff often provides continuous professional development for the staff member, while enhancing specific skills. Training courses for personal development are motivational for staff members and consistently leads to improved performance in their current role. Equally, the council acknowledges that such personal development will occasionally lead staff members to seek alternative employment to maximise their new or improved skills.

5.2 Where there is clear benefit to the council, payment for any personal development training will be made by the council, and the staff member will be expected to use their new or improved skills in their existing role within the council.

5.3 Where the cost of the personal development training course exceeds £500, the staff member will repay to the council the full cost of the training if they leave the employment of

the council within 12 months of completion of the training. Agreement to this condition will be recorded in the staff member's file.

5.4 Where the cost of the personal development training course exceeds £1,000, the staff member will repay to the council the full cost of the training if they leave the employment of the council within 12 months of completion of the training, and 50% of the cost of the training if they leave the employment of the council after 12 months, but within 24 months of the completion of the training. Agreement to this condition will be recorded in the staff member's file.

5.5 The provisions within part 5 of this policy do not apply to any training course deemed compulsory for the staff member to carry out their existing role, for example due to a change of regulations or insistence on particular qualifications.

6 Evaluation of Training

6.1 The Clerk will keep records of all training of staff and councillors.

6.2 Councillors and staff are encouraged to share the knowledge gained and to circulate training presentation papers for in-house use. They are also encouraged to provide feedback on the value and effectiveness of the training undertaken highlighting the implications of new legislation, guidance and/or best practice for the ongoing efficiency and effectiveness of the parish council.

7. Data Protection Training

7.1 North Horsham Parish Council ensures that those with day to day responsibility for enabling the demonstration of compliance with the General Data Protection Regulation (GDPR) and good practice are able to demonstrate the competence in their understanding of the GDPR and good practice, and how this should be implemented within North Horsham parish Council.

7.2 The Clerk keeps records of the relevant training undertaken by each person who has this level of responsibility.

7.3 North Horsham Parish Council also ensures that these staff members remain informed about issues relating to the management of personal information, where appropriate by contact with external bodies. North Horsham Parish Council maintains a list of relevant external bodies, the most important of which is the Information Commissioner's Office (www.ico.gov.uk).

- 7.4 North Horsham Parish Council ensures that all staff understand their responsibility to ensure that personal information is protected and processed in accordance with North Horsham Parish Council's procedures, taking into account any related security requirements.

NORTH HORSHAM PARISH COUNCIL

Policy for the Handling of DBS Certificate Information

General principles

As an organisation using the Disclosure and Barring Service (DBS) checking service to help assess the suitability of applicants for positions of trust, North Horsham Parish Council complies fully with the Code of Practice regarding the correct handling, use, storage, retention and disposal of certificates and certificate information.

It also complies fully with its obligations under the General Data Protection Regulation 2018 and other relevant legislation pertaining to the safe handling, use, storage, retention and disposal of certificate information and has a written policy on these matters, which is available to those who wish to see it on request.

Storage and access

Certificate information should be kept securely, in lockable, non-portable, storage containers with access strictly controlled and limited to those who are entitled to see it as part of their duties.

Handling

In accordance with section 124 of the Police Act 1997, certificate information is only passed to those who are authorised to receive it in the course of their duties. We maintain a record of all those to whom certificates or certificate information has been revealed and it is a criminal offence to pass this information to anyone who is not entitled to receive it.

To note: those registered care homes which are inspected by the Care Quality Commission (CQC), those organisations which are inspected by Ofsted and those establishments which are inspected by the Care and Social Services Inspectorate for Wales (CSSIW) may retain the certificate until the next inspection. Once the inspection has taken place the certificate should be destroyed in accordance with the Code of Practice.

Usage

Certificate information is only used for the specific purpose for which it was requested and for which the applicant's full consent has been given.

Retention

Once a recruitment (or other relevant) decision has been made, we do not keep certificate information for any longer than is necessary. This is generally for a period of up to six months, to allow for the consideration and resolution of any disputes or complaints.

If, in very exceptional circumstances, it is considered necessary to keep certificate information for longer than six months, we will consult the DBS about this and will give full consideration to the Data Protection and Human Rights of the individual before doing so.

Throughout this time, the usual conditions regarding the safe storage and strictly controlled access will prevail.

Disposal

Once the retention period has elapsed, we will ensure that any DBS certificate information is immediately destroyed by secure means, i.e. by shredding, pulping or burning. While awaiting destruction, certificate information will not be kept in any insecure receptacle (e.g. waste bin or confidential waste sack).

We will not keep any photocopy or other image of the certificate or any copy or representation of the contents of a certificate. However, notwithstanding the above, we may keep a record of the date of issue of a certificate, the name of the subject, the type of certificate requested, the position for which the certificate was requested, the unique reference number of the certificates and the details of the recruitment decision taken.

Acting as an Umbrella Body

Before acting as an Umbrella Body (an Umbrella Body being a Registered Body which countersigns applications and receives certificate information on behalf of other employers or recruiting organisations), we will take all reasonable steps to satisfy ourselves that they will handle, use, store, retain and dispose of certificate information in full compliance with the Code of Practice and in full accordance with this policy.

We will also ensure that any body or individual, at whose request applications for DBS certificates are countersigned, has such a written policy and, if necessary, will provide a model policy for that body or individual to use or adapt for this purpose.

Policy Review

This policy will be reviewed by the Clerk and put before the Council every two years subject to changes in legislation.

July 2018

NORTH HORSHAM PARISH COUNCIL

- North Horsham Parish Council undertakes not to discriminate unfairly against any subject of a criminal record check on the basis of a conviction or other information revealed.
- North Horsham Parish Council can only ask an individual to provide details of convictions and cautions that North Horsham Parish Council are legally entitled to know about. Where a DBS certificate at either standard or enhanced level can legally be requested (where the position is one that is included in the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 as amended, and where appropriate Police Act Regulations as amended).
- North Horsham Parish Council can only ask an individual about convictions and cautions that are not protected.

- North Horsham Parish Council actively promotes equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates, including those with criminal records.
- North Horsham Parish Council select all candidates for interview based on their skills, qualifications and experience.
- An application for a criminal record check is only submitted to DBS after a thorough risk assessment has indicated that one is both proportionate and relevant to the position concerned. For those positions where a criminal record check is identified as necessary, all application forms, job adverts and recruitment briefs will contain a

statement that an application for a DBS certificate will be submitted in the event of the individual being offered the position

- North Horsham Parish Council ensures that all those in North Horsham Parish Council who are involved in the recruitment process have been suitably trained to identify and assess the relevance and circumstances of offences
- North Horsham Parish Council also ensures that they have received appropriate guidance and training in the relevant legislation relating to the employment of ex-offenders, e.g. the Rehabilitation of Offenders Act 1974.
- At interview, or in a separate discussion, North Horsham Parish Council ensures that an open and measured discussion takes place on the subject of any offences or other matter that might be relevant to the position. Failure to reveal information that is directly relevant to the position sought could lead to withdrawal of an offer of employment.
- North Horsham Parish Council makes every subject of a criminal record check submitted to DBS aware of the existence of the code of practice and makes a copy available on request.
- North Horsham Parish Council undertakes to discuss any matter revealed on a DBS certificate with the individual seeking the position before withdrawing a conditional offer of employment.
