

NORTH HORSHAM PARISH COUNCIL
SCHEDULE OF PLANNING APPLICATIONS FOR CONSIDERATION
20TH FEBRUARY 2020

DC/19/1239 – amendment	Roffey North
<p>Site Address: 52 Shepherds Way</p> <p>Proposal: Erection of 3. No dwellings with associated landscaping, creation of a new vehicle access onto Shepherds Way and associated car parking</p>	<p>NHPC previous comment: Objection, this is an overdevelopment of the site. The access point in Crawley Road is dangerous as it will be difficult to see traffic from the obstructed view because of the layby and mature tree by the church. Concerns are raised as the mature tree that blocks the view of oncoming traffic is not depicted in any of the plans, which may hinder an accurate assessment of the application, especially since only a desktop survey has been conducted. There could be a wider impact of mature trees in the vicinity. The access point proposed in Crawley Road implies a negative impact on traffic movement safety and pedestrian safety particularly as it is adjacent to a pelican crossing. Sunday parking is accentuated due to the neighbouring church, blocking visible site lines of oncoming traffic. An entrance from Shepherds Way would be safer. There will be significant increase in traffic movement, particularly due to large scale developments in north Horsham, which further increase the risk of the proposed access point, which has not been considered by West Sussex County Council.</p>
