HDC decision – “objection to the consultation”.

The Parish Council has been in touch with WSCC to find out more information.

9. **Consultations** **Night Flight Restrictions**

Stage 1 of this consultation has 2 purposes. Firstly, to maintain the existing night flight restrictions for the designated airports (Heathrow, **Gatwick** and Stansted) from 2022 to 2024, and a proposal to ban QC4 rated aircraft movements during from 23:30 to 06:00.

Secondly, they are also seeking early views and evidence on policy options for the government’s future night flight policy at the designated airports beyond 2024, and nationally. This includes whether they should amend their national noise policy to include specific policy for night noise, revising their night flight dispensation guidance, whether they should set criteria for airport designation, and what any future night flight regime at the designated airports should look like.

Their aim is to publish stage 2 of this consultation in 2022 which will set out firm proposals for the designated airports beyond 2024.
